Welcome to

HOME CARE

— A Division of YK Laboratories —

YKSILV® Home Care, a division of YK Laboratories, develops next-generation hygiene and cleaning solutions by combining botanical science with advanced formulation technology.

Every product is carefully designed to deliver powerful cleaning, long-lasting freshness, superior hygiene, and a safer living environment for homes, workplaces, hospitality, healthcare, and commercial spaces.

Driven by continuous research, stringent quality standards, and customer trust, we create products that are effective, responsible, and built for everyday excellence.

Clean Better. Live Healthier. Trust YKSILV®

OUR MISSION

To redefine everyday hygiene by delivering innovative, high-performance, environmentally responsible solutions that improve health, safety, and quality of life.

OUR VISION

To become one of the world's most trusted botanical home care and hygiene brands through innovation, quality, and customer satisfaction.

ADVANCED MANUFACTURING

Modern manufacturing facilities operating under strict quality systems ensure consistency, safety, reliability, and premium product performance.

RESEARCH & INNOVATION

Our scientists continuously develop advanced botanical formulations using modern research, delivering effective solutions backed by science.

QUALITY ASSURANCE

Every batch undergoes comprehensive quality testing to ensure safety, stability, performance, and consistent product excellence.

CUSTOMER COMMITMENT

We believe long-term relationships are built through trust, quality, responsive service, and continuous product improvement.

WHY CHOOSE

BOTANICAL INNOVATION. PREMIUM CARE.
EVERYDAY PROTECTION.

HOME CARE - A Division of YK Laboratories

At **YKSILV**, we combine the power of **BOTANICAL INGREDIENTS** and **ADVANCED SCIENCE** to deliver superior cleaning, long-lasting freshness and safe hygiene solutions for every home and business.

BOTANICAL TECHNOLOGY

Powered by nature's goodness for effective and safe cleaning.

PROUDLY MADE IN INDIA

Designed, developed and manufactured in India with global quality standards.

PREMIUM FRAGRANCES

Long-lasting, pleasant fragrances that create a fresh and uplifting environment.

RESEARCH DRIVEN

Continuous research and innovation for better, safer and smarter products.

ADVANCED CLEANING

Scientifically developed formulations that remove dirt, grime and odour with ease.

QUALITY ASSURED

Every product goes through rigorous quality tests to ensure the best performance.

LONG LASTING FRESHNESS

Keeps your spaces clean, hygienic and fresh for longer.

INNOVATIVE FORMULATIONS

Advanced formulations for different needs and multiple applications.

SAFE & FAMILY FRIENDLY

Carefully crafted to be tough on dirt but gentle on your surroundings.

TRUSTED BY THOUSANDS

Preferred by homes, businesses, institutions and professionals across India.
